

**IN THE SPECIFICATION**

Please amend the Related Application section on page 1 as follows.

The current Application is related to United States Application No. 09/896,079—Patent  
No. 6,536,026, entitled "METHOD AND APPARATUS FOR ANALYZING SMALL SIGNAL  
RESPONSE AND NOISE IN NONLINEAR CIRCUITS," filed on June 30, 2001, and assigned  
to the current assignee hereof.
